

Washing & Care Instructions

Please refer to the following recommendations to ensure maximum durability of the textile imprint.

ATTENTION: The originally labelled wash-resistance is lowered to 30°C (86°F) due to the limitations of the imprint (e.g. print transfer, embroidery). Therefore labelled care instructions are void, they only refer to not-refined, original products.

- Please wash **inside out** (graphic imprints inside)
- Limited washing temperature **30°C (86°F)**
- **Do not use** liquid or heavy-duty detergents
- **Do not** bleach
- **Do not use** fabric softener
- **Do not** tumble-dry
- **Do not** dry-clean
- **Iron inside-out**

Ironing textiles with images on front and back side:
Turn textile inside-out and place a sheet of silicone paper (baking paper) between the fabric layers to prevent imprints from sticking together.

ATTENTION: The given information are recommendations.
No warranty whatsoever can be derived from this information.
